Stroller with carrycot	Stroller with seat unit	Inner carrycot dimensions	Inner seat unit dimensions	Frame
Length: 110 cm Width: 60 cm Height: 123 cm Weight: 13,95 kg	Length: 107 cm Width: 60 cm Height: 113 cm Weight: 13,6 kg	Length: 79 cm Width: 35 cm Height: 15 cm Weight: 4,35 kg	Seat length: 95 cm Seat width: 34 cm Backrest width: 33 cm Weight: 4 kg	Length: 73,5 cm Width: 50 cm Height: 31 cm Weight: 5,35 kg

**Comfortable sleeping space**

Newborns will sleep tight in the area of 79×35×15 cm.

**Lull-in-cot**

Thanks to its smart design the carrycot can easily be removed from the frame and used as a cradle.

**Fabric protection**

The water-repellent finishing prevents drops of water from penetrating into the fabric and UV 50+ technology blocks 98% of the sun's rays.

**Mattress with ventilation**

Soft and pleasant to the touch. Made of elastic Air Mesh fabric that keeps a shape according to the child's position. The foam inside contains air holes for better ventilation. All materials are child-friendly.

**Breathing System**

The stroller is equipped with a complex air circulation system that provides ventilation in the bottom, in the hood and in the mattress of the cot, in the footrest and hood of the seat unit.

**X-Lock**

The stroller features an automatic protection system against accidental frame folding.

**Transformer basket**

The functionality of the basket provides various options: open, semi-open, enlarged, and completely closed.

**Position for newborns**

The seat unit can be used from birth due to the ability to lower the backrest.

**Triple shock absorption**

The shock absorbers work simultaneously on the front wheels, rear wheels and on the frame. The system can be adjusted according to the type of road surface.

**Memory buttons**

The buttons memory system ensures convenience in case of a need to correct the position of the carrycot's hood with one hand.

**Alternative to plastic**

The EPP material is 100% recyclable, unlike most plastics, which stay with us forever. Steam consumption during production was reduced by up to 80%.

**Laser shaping**

The texture was created using innovative laser ablation technology. This is the first case in the stroller industry.

**Lightweight cot**

Carrycot PRO is 1 kg lighter than standard plastic cots — it weighs only 3.5 kg.

**New gen protection**

The Carrycot PRO is certified for compliance with leading European standards. Due to the strength of the EPP material, it is also used in the production of car seats, safety helmets, and vehicles.

**Own microclimate**

The EPP material has a high temperature resistance and insulation factors. It ensures warmth in winter and coolness in summer.

**X-Lock**

The stroller features an automatic protection system against accidental frame folding.

**Transformer basket**

The functionality of the basket provides various options: open, semi-open, enlarged, and completely closed.

**Position for newborns**

The seat unit can be used from birth due to the ability to lower the backrest.

**Triple shock absorption**

The shock absorbers work simultaneously on the front wheels, rear wheels and on the frame. The system can be adjusted according to the type of road surface.

Comfortable sleeping space

Newborns will sleep tight in the area of 77x33x19 cm.

Fabric protection

The water-repellent finishing prevents drops of water from penetrating into the fabric and UV 50+ technology blocks 98% of the sun's rays.

Lapcot

The carrycot can be easily removed from the frame and folded in height into a compact size: 85x43x23 cm.

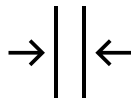

Double cot ventilation

The stroller is equipped with ventilation in the front part of the carrycot and in its hood. These two parts can be used together or separately.

Large hood

The hood completely covers the child and therefore protects your kid from the rain, wind or other surprises.

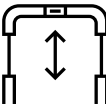

Space saver

The frame can be folded together with the seat unit in both directions. The size of the folded stroller is perfect for any car.

Position for newborns

The seat unit can be used from birth due to the ability to lower the backrest.

Telescopic handle

A height-adjustable leatherette handle makes riding with the stroller more comfortable for parents of different height.

anex® iq

The one and  
only stroller  
parents will  
ever need

anex® iq

One stroller for the  
whole childhood:  
The unique Anex  
IQ enters the  
market

- Parents want an affordable solution that will last for a long time.
- Parents don't want to buy two strollers.
- Parents want a stroller that combines the functions of a buggy and a 2-in-1 stroller.
- Parents don't want to have to choose.

anex® iq

Carrycot, seat  
unit, and buggy in  
one stroller!

All-in-one stroller  
transforms into all  
possible options.

## Smart choice

Carrycot, seat unit, and buggy in one stroller! Mix and match different parts of the IQ according to your needs. All-in-one stroller transforms into all possible options.

## WOW-absorption

We added an innovative suspension feature to the folding mechanism to make the stroller “soft” even in the buggy version. The IQ is the only buggy that guarantees such a smooth ride.

## Travel size

Maximum compactness to fit in a car, plane, or even a closet. You fold the frame together with the seat unit in both directions and even fold the cot into the hand luggage size.

## Conscious consumption

Less waste, more opportunities. The IQ is about sustainable shopping with the intent to preserve the environment.

**Air pocket**

Backrest ventilation opens with a zipper and fixes with a button. Provides extra comfort in hot weather.

**Strong passability**

Large wheels provide comfortable one-hand control. It is easy to conquer any road, stroll on rainy days, and constantly feel mobile.

**Smart size**

Feel free to take Air-X with you on a trip to grandparents or on a journey across the ocean. The size of the stroller is perfect for luggages.

**Shock absorption**

The shock absorbers work simultaneously on front wheels and rear wheels providing smooth strolls.

**One-hand system**

It takes 3 seconds to fold or unfold Air-X with one hand!

**Position for newborns**

The seat unit can be used from birth due to the ability to lower the backrest.

**Easy care**

It is easy to take off the fabric for cleaning to keep your stroller working properly and looking good.

**Light-reflecting zippers**

Zippers on the hood of the stroller are made from a special light-reflecting material.

**Peekaboo**

A window at the top of the hood lets you observe your baby during a stroll.

Cosmic Collaboration  
There are 9 aliens and yes they're all different!

Tall, short, hairy and even slimy ones. They've all come together to have some fun adventures with you and your baby.

Double cot ventilation

The stroller is equipped with ventilation in the front part of the carrycot and in its hood. These two parts can be used together or separately.

Large hood

The hood completely covers the child and therefore protects your kid from the rain, wind or other surprises.

Folding in half

Travel cot can be easily folded into a compact size: 49,5 x 41,5 cm. Thanks to the possibility of folding in height and in half, the Air-X cot can take up half the space!

Travel cot

You can install a carrycot on the frame of the Anex Air-X buggy, thus ensuring a comfortable and lightweight journey with your baby. This unique cot weighs 3,6 kg which is less than standard carrycots.

Lightweight cot

Weighs less than a standard carrycot - 3,6 kg.

U-shaped pillow

The accessory for baby's gentle head and neck support is now a part of the basic set.

Travel size

Thanks to its 6 kg weight and compact dimensions, this stroller is convenient to take with you on all kinds of trips.

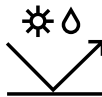

Switch mode

The seat can be easily switched to the facing parents lie-flat position. Suitable from birth and up to 22 kg.

Leanair

The back of the seat can be fully transformed into open ventilation. The large hood protects from direct sunlight, and ventilation provides access to fresh air.

Fabric protection

The innovative water-repellent finishing prevents drops of water from penetrating into the fabric and UV 50+ technology blocks 98% of the sun's rays.

Easy care

It is easy to take off the sewing for washing to keep your stroller working properly and looking good.

Speedy unfolding

After disconnecting the folding lock, the stroller can be unfolded in one motion. Always check the fixation of the seat.

This Anex x SmileyWorld® collaboration will keep the imaginations running wild, and make raising a baby easier and more fun. With a fabulous, funky pattern matched with practical design, the Air-Z is a must-have for your baby.

With the SmileyWorld® stroller cheering you on with printed phrases like “Hurrah!” and “Wooo!” you’re sure to have a blast on your everyday strolls.
